# helps you 'hear' the bigger picture

**A**s we age, our hearing deteriorates. But the speed at which this happens differs from one person to the next due to different determining factors affecting each individual. Our hearing allows us to better comprehend everything that happens around us. But the sad fact is that not everybody can hear as well as they should when everyone should be enjoying life at full volume.

help you find the perfect amplification and prescribe hearing aids that best suit your needs... so you know you're always going to hear perfectly. 20dB Hearing is the only hearing service chain in Malaysia to have the biggest number of qualified and certified hearing audiologists, who are highly dedicated in providing their expertise to those who need them.

20dB offers hearing assessments for children and adults, digital hearing aid fitting (with pre-fitting counseling before the fitting, scientific fitting protocols for adult and children, as well as post-fitting verification and validation), cochlear implant consultation, assistive listening devices, and even speech therapy as well as repairing and servicing of hearing

20dB Hearing was founded in 2002 at Taman Maluri, Cheras, Kuala Lumpur, and was established by audiologists Mok Yong Yaw and his business partner, Lim Re Gal. There are currently 18 hearing care services chained outlets all over Malaysia, including in Kuching, Sibul, Bintulu and Miri in East Malaysia.

At 20dB Hearing (formerly known as Gnosis Hearing), you will be assessed by specially trained hearing audiologists that are ever ready to
